

## How to download and install Indian Rupee font or symbol

Indian Rupee has a symbol. Earlier five different designs were short listed for Indian rupee. The Rupee Symbol includes Both Devnagiri & "Ra" and the Roman capital & "R". The final selected symbol was design by an Indian Institute of Technology postgraduate Mr. D Udaya Kumar. Meanwhile, Foradian Technologies Pvt Ltd from Mangalore has created the Rupee Foradian font that can now be downloaded from their website [foradian.com](http://foradian.com).

Download the TrueType Font (.ttf) for the Indian Rupee Symbol You can use the Indian currency font immediately after installing it &mdash; just drag the Rupee font to Windows Font folder. How to use the Indian Rupee Symbol Font: Download the font (Rupee\_Foradian.ttf) Install the font or simply copy and paste into the font folder. Windows Vista and Windows 7 users can right click and install the font. Once installed you can using it by selecting the font to Rupee and use the ~ key to get the symbol on the page.
